Proceedings of the Government of His Highness the Maharaja of Mysore, (Judicial),—dated 12th February 1894.

READ :—

Letter No. 960, dated 9th January 1894, from the Registrar to the Inspector General of Prisons, relative to the detention in the nearest Lock-up in Kadur and Chitaldroog Districts, of prisoners sentenced to more than a month's imprisonment pending the result of their appeals, if any, to the District Magistrate or Sessions Judge.

No. 13606-14—J. F. 44-92, DATED, BANGALORE, 12TH FEBRUARY 1894.

ORDER THEREON.—The detention proposed, is approved. In the opinion of Government, the proposal will be best given effect to by amending No. 1 of the Rules prescribed in Government Proceedings No. 3454-62—J. F. 44-92 so that it may read as follows :—

I. In cases tried by all Magistrates and Sessions Judges—

(A) all persons sentenced to imprisonment for a term of 30 days or under, shall be sent to the Lock-up of the Taluk in which sentence is passed,

(B) and all persons sentenced to more than 30 days' imprisonment, shall be sent to the following Jails :—

In the Kolar, Tumkur, Chitaldroog and Kadur Districts.	To the Bangalore Centra Jail.
In the Mysore and Hassan Districts. ...	To the Mysore Jail.
In the Shimoga District.	To the Shimoga Jail.

Provided however that in cases tried by Railway Magistrates, all persons sentenced to more than 30 days' imprisonment shall be sent —

(1) to the Mysore Jail in those cases in which sentence is passed in the Mysore District; and

(2) to the Bangalore Central Jail in other cases.

Provided further, that where a person sentenced to more than 30 days' imprisonment expresses his desire to appeal and to be kept in the lock-up till disposal of such appeal, the sentencing Magistrate or the Lock-up Officer to whom such desire may be expressed, shall make a note of it on the warrant and the Lock-up Officer shall thereupon keep him in the Lock-up till period for appeal expires, or the appeal is disposed of; and then, if the unexpired portion of the sentence be not less than 30 days, transfer him to the proper Jail as above prescribed.

2. A copy of these Rules in English and Kanarese, should be posted up in a conspicuous place at the entrance to every Lock-up.

T. ANANDA ROW,
Chief Secretary.

To—The Registrar to the Inspector General of Prisons in Mysore,
The Deputy Commissioners of Districts.

PART I

REVENUE.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 3rd February 1894.

No. 12817-26—R. 1346, DATED, BANGALORE, 3RD FEBRUARY 1894.

ORDER.—During the Dewan's recent tour a large number of petitions were eceived from raiyats praying for assignments out of Amrut Mahal Kaval lands or cultivation and other purposes. Under the present system all applications or lands within Amrut Mahal Kavals are rejected by local Officers as a matter f course, but the Government are of opinion that the time has arrived when change of system is necessary. So long as the people have a sufficiency of ree land for their purposes there is no object in reducing the extensive pasturge reserves in the hands of the Amrut Mahal Department; but with the growth f population and expansion of cultivation, the Amrut Mahal Kavals must undergo a process of gradual curtailment.

2. The Government are accordingly of opinion that all darkhasts for *onâ fide* occupation on full assessment of lands within Amrut Mahal Kavals hould as a rule be complied with. For many years to come it will be feasible or the Amrut Mahal Department to relinquish for private occupation portions f its grazing grounds without any appreciable inconveniences, but the Departnent will eventually have to realize the necessity for growing the fodder reuired under some suitable system of cultivation.

3. Under such circumstances, Deputy Commissioners are authorized to ntertain *bonâ fide* darkhasts for occupancy rights in any Amrut Mahal Kaval rovided that the tracts asked for are blocks such as can be conveniently subivided and separated without interfering with the use of the remainder of the aval by cattle of the Department. In respect of every such tract, the Deputy ommissioner, after making the needful enquiries and satisfying himself that he application is made in good faith, should place himself in communication ith the Officer in charge of the Amrut Mahal Department who has been requested to comply with such requisitions in a liberal spirit, subordinating the equirements of the Amrut Mahal cattle in respect of grass preserves, to the *onâ fide* requirements of the public as certified to by the Deputy Commissioner. On the surrender of the tract asked for, the Deputy Commissioner will arrange or its fieldwar demarcation and assessment and grant the fields for occupation o the highest bidders in an outright public auction sale to be held after due otice. In special cases, if necessary, the grant may be made to take effect hree or six months after date of grant to obviate inconvenience to the Amrut Iahal Department by a sudden curtailment of their resources for grazing in pecial localities.

4. Every case of difference of opinion between the Amrut Mahal Officer nd the Deputy Commissioner should at once be reported for the orders of overnment.

Chief Secretary.

The Officer in charge of the Amrut Mahal Department.

NO. 12845-55—R. 1356, DATED, BANGALORE, 3RD FEBRUARY 1894.

ORDER.—With reference to Proceedings of Government in the Public Works Department, No. 1769-89—320-40, dated 1st April 1892, abolishing the evy of compulsory contributions for Irrigation works costing less than Rs. 25,000, and directing that all balances of contributions then outstanding may be wiped off the books, Deputy Commissioners of Districts and the Examiner, Public Works Accounts, are requested to submit lists of such contributions which have not been struck off with reasons for not striking them off.

2. During the Dewan's recent tour, several cases in which such contributions have not yet been formally remitted, came to his notice; in other cases, it seemed that the remission had not been communicated to the parties originally liable for the contribution. Such a state of things is calculated to give

subordinate officials an opportunity for illegally levying the remitted contributions in whole or in part. The Deputy Commissioners are accordingly requested to issue *immediately* a full explanatory order in Kanarese, in every case in which the contribution has already been struck off the books in the Revenue or Public Works Department, or will hereafter be so struck off, to cause copies of every such order to be duly delivered to the parties liable to pay the contribution remitted and to be posted up in conspicuous parts of the Chavadis of the villages in which they reside. This precaution is essential to prevent illegal levy by subordinate officials with a view to misappropriation, and the Government wish to be assured from every District, within a fortnight from this date, that this precaution has been taken as regards all contributions already struck off under the orders above quoted.

READ :—
Correspondence ending with letter No. 551, dated the 18th April 1893, from the Deputy Commissioner, Kadur District.

No. 13101-9—R. F. 154-93, DATED, BANGALORE, 6TH FEBRUARY 1894.

ORDER THEREON.—The Deputy Commissioner in soliciting orders on the following points, asks for an authoritative ruling on the subject of granting lands to Coffee planters at the grass rate of 4 annas per acre for purposes of pasture or growth of firewood in connection with their Coffee Estates :—

(1) Whether applications for grant of new lands on grass rate, *viz.*, 4 annas per acre, can be entertained;

(2) Whether applications for the commutation of the coffee assessment of Rs. 1—8—0 or Re. 1—0—0 into the grass rate of 4 annas per acre on the ground that most of the land retained at the settlement is subsequently found to be quite unsuited for coffee cultivation, should be granted; and

(3) Whether in the case of fresh applications for portions of coffee lands, such extent as is found on re-survey to be unfit for coffee should be given to them on grass tenure, the rest being allowed to be kept on coffee assessment.

2. The Deputy Commissioner suggests that lands on grass rates may be given out on a fair valuation subject to the conditions prescribed in Form C of the Title Deed for the grant of land on grass assessment.

3. The Government observe that the "grass rate of 4 annas an acre" allowed at the introduction of the coffee settlement in the State, was a special rate adopted for the purpose of avoiding hardship to holders of Coffee Estates having interspersed grass lands unfit for coffee or other cultivation. The lands had all been taken up originally under the *Halat* system, and on the abolition of this system it was considered undesirable to compel holders either to pay full assessment on, or to relinquish all unculturable waste fit only for pasturage. Hence the Government resolved to grant such lands on the *Hulgaval* tenure which so largely existed in former times and the terms of this tenure were specified in the form of the Title Deed C which was prescribed.

4. No new unoccupied lands can be granted on this special tenure. All lands newly to be taken up must be granted with full rights of occupancy and upon the full proper assessment. The grass tenure, Deputy Commissioners will observe, does not convey full rights of occupancy, for it reserves in full to the Government all rights to reserved trees, and minerals and increased assessment when brought under cultivation.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 8th February 1894.

No. 13280-314—R. 1388, DATED, BANGALORE, 8TH FEBRUARY 1894.

ORDER.—The Government of His Highness the Maharaja of Mysore are pleased to issue the following Rules regarding levy of fees for searches into Government records. They will be notified in the Gazette.

1. Every person requiring a search to be made of official records for the purpose either of inspection, or of obtaining copies, of such records must submit an application for the same in the subjoined form, or to the like effect.

Form of application for search of Public Records.

To—

Name and Address of Applicant in full.	Description as far as possible of Records to be searched for.	Purpose for which inspection or copy is required.	Date, &c., of Court Diary or other authority, if any, under which application is made.

Date *Signature of Applicant.*

2. A separate application need not be presented in respect of each document of which inspection or copy is required. Enclosures or annexures to letters, accounts or other documents to which they appertain, are not reckoned for the purposes of these rules as separate documents.

3. The application will be made to the Head of the Office in which the applicant in good faith believes the record to be preserved, provided that applications for inspection or copies of records in the custody of village officials may be made to the Amildar of the Taluk in the first instance.

4. In respect of every document of which inspection or copy or extract is applied for, and which is more than one year old, a search fee according to the subjoined scale must be paid in Court fee stamps and affixed to the application:—

	Annas.
Fee for seaching the records of any one year for a single document or entry	8.
Fee for searching the records of every additional year...	4.
Fee for searching the records of every additional document or entry connected with the same subject ...	4.

5. On the presentation of the application, the Head of the Office shall cause a search to be made for the document required.

6. If the search prove successful, and if the document be of such a nature as in the opinion of the Head of the Office, the applicant may be allowed to read or take a copy of, the applicant may be allowed to read the document or part of it, for the finding of which the fee has been paid, or it may be read to him; but he may afterwards be allowed to take a copy of the document or part of it in due course on the presentation of a separate application for the same.

7. If the search should prove fruitless, the fee will not be refunded, but the applicant can, if he wishes it, receive a certificate stating that the document or entry sought has not been found on the record specified in the application. If the Head of the Office refuses to grant the application, the applicant may have the value of the Court fee stamps refunded to him.

8. The above rules are not applicable to cases in which persons are entitled by any law to inspect public documents free of charge.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 17th February 1894.

READ:—

Letter No. 4195, dated 30th January 1894, from the Comptroller, recommending a revision o the rate of interest now allowed on Mysore Government Savings Bank Deposits.

No. 13967-75—R. 1442, DATED, BANGALORE, 17TH FEBRUARY 1894.

ORDER THEREON.—The Government of His Highness the Maharaja of Mysore resolve to issue the following Notification in the next issue of the Mysore Gazette:—

NOTIFICATION.

No. 13976—R. 1443.

It is hereby notified for general information, that with effect from 1st July 1894, the rate of interest on deposits in the Mysore Government Savings Banks will be reduced from $3\frac{3}{4}$ to $3\frac{4}{7}$ per cent per annum, *i. e.*, from one Pie for every ($1\frac{2}{3}$rds) one and two-thirds of a Rupee per mensem to one Pie for every ($1\frac{3}{4}$ths) one and three-quarters of a Rupee per mensem in the lowest balance at credit of each account between the close of the 4th day and the end of the month.

2. Paras V and VI of the Rules issued under Notification No. 161, dated 14th December 1887, will accordingly be modified so as to read as follows:—

V. Interest will not be allowed upon a smaller balance than ($1\frac{3}{4}$) one and three-quarters of a Rupee, or upon the excess in any balance over the highest multiple of ($1\frac{3}{4}$) one and three-quarters of a Rupee.

VI. Interest will be allowed for each Calendar month upon the minimum Balance of the Account between the close of the fourth day and the end of the month.

VII. From 1st July 1894 till further notice, interest will be allowed upon deposits at the rate of one pie a month for every ($1\frac{3}{4}$) one and three-quarters of a Rupee, which is equal to one anna for every (21) twenty one Rupees being at the rate of Rs. ($3\frac{4}{7}$) three and four-sevenths per centum per annum. Without the sanction of the Comptroller, no higher monthly interest will be allowed upon any balance than Rs. 14—11—1, being the interest upon Rs 5,000.

In calculating interest, one anna will be taken as the interest for one month on every twenty one rupees of the amount entitled to bear interest, and for broken sums below twenty one Rupees, the following table will be used:—

Principal.	Interest.	Principal.	Interest.
Rs. A.	A. P.	Rs. A.	A. P

No. 13931-65—R F. 236-92, DATED, BANGALORE, 5TH FEBRUARY 1894.

REVIEW THEREON.—The reports read above deal with matters connected with all the branches of Revenue and also those relating to Police and Civil and Criminal justice. The latter is no longer necessary, as separate Administration Reports are received from Heads of Departments on several of the subjects dealt with in these reports. The Deputy Commissioners are therefore requested in future to confine their reports to Land Revenue, Mohatarfa, Sayer, Salt and Stamps on which no separate reports are received, and the present Review will deal with these subjects only.

2. Statistics prescribed by the Government of India should be submitted to the Director of Statistics who after examining and compiling them will send them on to Government with his remarks.

3. Heads of Departments are requested to submit in future their Administration Reports with the prescribed statements in such a Form that they may be readily embodied in the General Administration Review of Government.

4. The reports now under review contain several suggestions requiring orders. In all such cases separate references should be made and orders obtained. Care should be taken in future that no matters requiring orders are dealt with in the Administration Reports. They should simply show the results of the Administration during the year under report and the steps taken to correct any of the existing irregularities or defects.

5. The reports under review treat of transactions of 15 months (April 1891 to 30th June 1892) in consequence of the alteration of the official year promulgated in Government Order No. 3211-50—Cr. 36, dated 23rd May 1892, but for the purpose of instituting comparisons with the previous year, the figures of 12 months alone ending with 31st March 1892 will be taken.

6. *Season and Rain-fall.*—The year 1891-92 (Khara) was a year of serious famine in most parts of Southern India. But in Mysore it was happily a year of only moderate agricultural disturbance, though the unsatisfactory state of the usual monsoon seasons made the administration anxious towards the latter part of the year. The Kar rains as well as the south-west and north-east monsoon rains were almost everywhere below the average.

7. The total rain-fall for the year of 12 months (April 1891 to March 1892) was registered at 28·38 inches against 35·48 of the year 1890-91 and 38·30 of the average of the previous 5 years. The gauges at the Government Observatories are given below :—

Stations.	Quantity.	
	1891-92.	1890-91.
Bangalore	18·77	30·98
Kolar	16·20	27·90

Of the total quantity of rain-fall in 1891-92, 3·44 inches were during the Kar season of April and May, 18·06 inches in the south-west and 6·67 in the north-east monsoon and ·21 inches during the cold weather. These quantities are compared below :—

8. The figures for each Taluk are given in the statement printed in the appendix. It will be seen from it that with the exception of the two Taluks of Molakalmuru and Challakere, where the fall was below half the average, in the majority of the other rain-gauging stations, the fall was either above half this average or more than $\frac{2}{3}$rds or nearly so, while in some of the stations the fall was even heavier than in the previous year or of the average. In the Malnad Taluks of the Shimoga, Kadur and Hassan Districts, there was ample rain.

9. *Area under crop.*—The statement showing area under crop for each District for the two years 1890-91 and 1891-92 is given below from which it will be seen that the decrease in the area brought under plough was not proportionate to the unfavorable character of the seasons. The rain-fall in the ploughing and sowing seasons was not disappointing and the raiyat naturally covered a large area, almost the usual extent, with seed, though the rain-fall in the subsequent months of growth and maturity was insufficient, which damaged the crops, prejudicially affecting the yield :—

10. The yield of the various crops per acre in pounds is shown in the statement given in the appendix. The approximate out-turn of rice and ragi which form the principal food crops of the Province is given below :—

Districts.	Rice.		Ragi.	
	1890-91.	1891-92.	1890-91.	1891-92.
Bangalore	483	122	1,142	450
Kolar	1,000	1,038	900	933
Tumkur	965	865	1,216	1,091
Mysore	1,264	1,525	724	532
Hassan	776	1 061	719	648
Shimoga	400	900	180	1,080
Kadur	467	412	331	258
Chitaldroog	631	460	610	517

The figures are taken from District accounts, but they are unreliable. The figures given for 1890-91 against Shimoga are suspicious and so are those given for 1891-92 against Bangalore and Kolar. Detailed instructions will be separately issued for estimating the yield in annas, which is the only method known to village officials.

11. *Prices.*—Statement showing the prices of produce per maund of 80lbs is printed in the appendix. The rates for the principal crops, rice and ragi, are given below :—

Districts.	Rice				Ragi			
	1890-91.		1891-92.		1890-91.		1891-92.	
Bangalore	4	2 2	5	10 8	1	3 6	2	2 2
Kolar	3	15 1	5	0 2	1	5 0	2	0 9
Tumkur	3	14 2	4	9 6	1	6 0	1	10 8
Mysore	4	7 9	5	1 0	1	6 1	2	4 0
Hassan	4	0 8	4	12 2	1	13 11	1	11 9
Shimoga	3	13 0	4	6 1	1	4 4	1	10 2
Kadur	3	13 0	4	5 0	1	10 0	1	14 0
Chitaldroog	4	0 0	5	0 0	1	0 0	2	0 0

The prices of articles of all food grains ruled high during the year owing evidently to poor harvest and large trade with the famine Districts of Madras.

12. *Agricultural Stock.*—The statement given below exhibits Agricultural Stock for the year 1891-92 as compared with the number for 1890-91 :—

	1890-91.	1891-92.	Difference.
Cows and bullocks	2,940,841	2,910,005	—30,836
Sheep and goats	2,453,745	2,496,341	+42,596
Buffaloes	499,964	493,412	—6,552
Ploughs	696,618	683,357	—13,291
Carts	107,688	111,078	+3,390

The increase in the number of sheep and goats was chiefly in the Mysore and Hassan Districts where they along with other live-stock prospered well during the year. In other Districts there was a falling off owing to want of sufficient fodder and mortality.

13. *Mortality among Cattle.*—The statistics of mortality among cattle show an increase during the year 1891-92 as will be seen from the table given below :—

	1890-91.	1891-92 for 12 months.
Cows	23,800	49,025
Bulls and bullocks	17,456	28,520
He-buffaloes	4,712	7,353
She do	7,949	13,347
Sheep and goats	45,004	57,713

In the Shimoga District, the mortality was less under all heads. Kadur shows a small decrease in the loss of sheep and goats, *viz.*, 170. In all other Districts, the loss was more than that of the year 1890-91.

14. *Wages of Labor.*—The wages of labor do not show much variations. Distress in the Districts of Kolar, Tumkur and Chitaldroog apparently did not affect them. Details are given below :—

Districts.	Year.	Skilled.	Unskilled.	Cart
Bangalore	1890-91	4 to 12 annas per diem.	1 to 6 annas per diem.	8 annas to 1 Rupee.

	1891-92	8 do to 1 Re. do	3 to 8 do do	8 do to 1 Rupee.

15. *Vital Statistics.*—The births registered throughout the State during the 1st 12 months of the year 1891-92 were 99,400 against 82,022 of the previous year, being in the ratio of 20·52 per mille of the population, while in the previous year, the ratio was 17·24. Similarly, the deaths registered were 71,581 against 82,396 of the preceding year, being in the ratio of 14·78 per mille of population against 17·32 of the year 1890-91.

16. Deaths from various causes are compared below :—

	1890-91.	1891-92 (12 months).	1891-92 (15 months)
Cholera	1,469	1,747	5,982
Small-pox	3,941	6,267	8,703
Fevers	53,458	39,024	49,035
Bowel complaints	5,222	5,019	6,166
Injuries	975	972	1,325
Other causes	17,331	18,552	23,428
Total.....	82,396	71,581	94,639

17. *Mortality of large Towns.*—Towns with 5,000 and more inhabitants are 24 in the State, making a total population of 3,24,270 (excluding Civil and Military Station); the deaths in them during the 1st 12 months of the year were 5,059 or in the ratio of 15·60 per mille. They compare with the deaths in the rural parts as shown below :—

	Population.	Deaths.	Ratio per mille.
Of the entire State	4,843,523	71,581	14·77
Of the Town of 5,000 and more	324,270	5,059	15·60
Of the rural Circles	4,519,253	66,522	14·71

18. *Number of Villages, Government, and Inam.*—The total number of Government and Inam villages in the Province is noted below as compared with the number entered in the return for 1890-91 :—

	Primary.	Government Hamlets.	Inam.	Total.
1890-91	17,183	11,437	3,241	31,861
1891-92	17,214	11,434	3,240	31,888
Difference	+31	+27	—1	+57

The decrease of one Inam village is presumably due to the resumption of an Inam village to Government in the Kolar District, as the number of Government villages shows a corresponding increase. The other variations are due to the correction of mistakes in the returns of the previous years. The correct number of villages should in future be given according to the Census Returns.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 5th February 1894.

19. *Government holdings.*—The area of Raitwari holdings shows an increase of 82,573 acres as noted below :—

	Extent (acres).	Assessment.
1890-91	5,602,587	7,817,891
1891-92	5,685,160	7,915,133
Difference, more	82,573	97,242

The increase of 82,573 acres includes nearly 40,000 acres, the excess found in the Survey measurement of the Anekal and Gundlupet Taluks, the details of which are as follow :—

	Extent.	Assessment.
Anekal Taluk	15,663	22,256
Gundlupet Taluk	24,184	22,209
Total.....	39,847	44,465

20. The following is an abstract statement showing the area and assessment of dry, wet and garden, &c., lands under occupation during the year 1891-92 compared with the figures for the preceding year. The detailed statement is given in the appendix :—

23. The extent of land newly taken up is naturally less than in the previous year. It is gratifying to find on the other hand the extent relinquished is also less. "Deserted lands sold" were a little more than in 1890-91, while the extent resumed was a ninth less. In discussing transfers of pattas, it would be interesting to explain how many transfers were from agriculturists to non-agriculturists, how many from agriculturists to agriculturists and how many from non-agriculturists to agriculturists, &c. These details will show whether land is or is not gradually slipping out of the hands of agriculturists to money lending classes and others who invest in land simply as good security. In future, details of transfers of pattas should be separately given and the figures under "Other causes" should also be particularized at the foot of the Nagadiyat return. The particulars of dry, wet and garden lands newly taken up and resigned are given in the following statements :—

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 5th February 1894.

24. The total area of lands taken up in the whole Province shows a decrease of 17,080 acres, of which 16,500 acres were dry. This falling off was mainly in the Tumkur and Chitaldroog Districts, being 9,100 and 10,750 acres respectively. In Mysore, Hassan, Shimoga and Kadur Districts larger extent of lands was taken up during the year, being 2,170, 2,140, 1,740 and 580 acres respectively. The small decrease of 930 acres under "Wet" calls for no remark, inasmuch as Districtwar details do not show much variations. Garden lands show a small increase of 365 acres occurring in all but the Bangalore and Kadur Districts. The general decrease in the area of lands taken up was due to the bad season of the year.

25. The details of resignations show that the area given up during the year was less than that in the preceding year by 18,403 acres as shown below:—

	1890-91.	1891-92.
Dry	76,989	63,524
Wet	16,907	12,224
Garden	1,494	1,239
Total.....	95,390	76,987

The relinquishments are generally ascribed to the unfavorable character of the season, but the Government are anxious to know why such large areas are relinquished year after year in good as well as bad years. Deputy Commissioners should try and ascertain the true cause and submit a special report on the subject. The details of garden lands resigned under "Supari," "Cocoanut," "Betel-leaf," &c., have not been furnished by Deputy Commissioners except those of Tumkur and Kadur. The omission should be guarded against in future.

26. The extent of wet land under occupation (excluding Sugar-cane and Mulberry for which particulars are not available) during the year 1891-92 was 659,964 acres, bearing an assessment of Rs. 25,68,703. The details of different sources of irrigation are shown below:—

27. *Land Revenue.*—The estimated total Land Revenue Demand for the year was Rs. 91,49,520, showing an increase of Rs. 3,81,548 over the demand for the previous year, but deducting the remissions that have been granted and those since ordered to be granted on account of the unfavorable character of the season, the real demand was Rs. 87,95,808 or thereabouts and the real increase only Rs. 27,836. The particulars of the gross demand are shown below :—

* Including Irrigation Cess of Rs. 1,36,653, the total assessment on Raiyatwari lands is Rs. 78,17,891

† Including Irrigation Cess of Rs 1,38,980 and deductions made on account of remissions granted under defined rules, *viz.*, Rs. 11,125, the total is Rs. 79,15,133.

28. Of the total increase of Rs. 3,81,548, the receipts from mining leases alone have contributed an additional revenue of Rs. 2,68,100. The additional revenue from Raiyatwari was due to Survey Settlement introduced into the Anekal and Gundlupet Taluks and to fresh lands taken up for cultivation generally. Sale of right of occupancy shows an increase of Rs. 32,000, of which over 25,000 rupees were in the Hassan District. The increase under "Batayi" was chiefly in the Kolar and Tumkur Districts. The only items under which there was a slight falling off were "Pasture lands," "Amarayi" and "Notice fees," all being fluctuating items.

29. The Districtwar details of Land Revenue demand are shown in the statement appended, from which it is seen that there was a general increase in all Districts except Kolar, where the falling off, *viz.* Rs. 19,000, was under the

heads "Raiyatwari," "Amarayi" and "Sale of right of occupancy" being Rs. 10,000, 7,000, and 3,000 respectively:—

The percentage of balance to the demand including arrears was in all Districts more than that of the previous year. The heaviest balance was in the Kolar District and the lowest in Chitaldroog which is very satisfactory, considering that the District was one of the affected Districts. The Deputy Commissioners report that the figures include the amount to be remitted under Government Order No. D. 298, dated 2nd April 1892, sanctioning remission of half assessment on wet lands under tanks which received no water in consequence of unfavorable season, the probable amount of such remission is about Rs. 2,88,089 as shown below:—

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 5th February 1894.

32. Government are anxious to see all the old arrears wiped off the accounts. Deputy Commissioners are therefore requested to submit statements of the arrears standing against each village and against each year up to the beginning of 1887-88, showing how much of the sum is due on lands taken up for gold mining, and how much on account of all other items. This statement should reach Government within one month from the date of the receipt of this order.

33. The amount of arrears recovered by adoption of coercive measures, that is, by sale of property, amounted to about Rs. 6,000 only as against Rs. 28,000 in the year 1890-91. Coercive measures were purposely avoided in consideration of the distress of the year.

34. The remissions granted during the year on account of current demand and arrears of previous years are detailed in the following statement :—

Particulars.	1890-91.		1891-92.	
	Current.	Arrears.	Current.	Arrears.
1. On account of death, desertion and poverty ...	...	48,183	...	25,370
2. On account of wet waste	...	644	65,623	1,461
3. On account of lands under breached tanks... ..	3,995	5,125	2,248	1,758
4. Assessment on waste lands given to Patels as temporary renumeration	3,573	...	1,183	...
5. Dasavandam, &c., Inams	11	...	42	...
6. ¼th assessment on lands under private tanks ...	6,291	...	7,384	...
7. Other causes	1,696	...	268	...
Total.....	15,566	53,949	76,748	28,589

The sum of Rs. 65,623 shown as remission on account of wet waste under the head "current" for the year 1891-92 relates to the special concessions granted during the year owing to the unfavorable season. This amount together with the sum of Rs. 28,589 (total Rs. 94,212) is shown as remissions in the statement given in para 30 *supra*. The other remissions shown above which have been granted under defined rules, have been deducted from the Raiyatwari assessment and the balance alone is shown in the accounts as demand for the year 1891-92.

35. *Mohatarfa.*—The demand under the head "Mohatarfa" or "Assessed Taxes" was Rs. 3,26,658, being Rs. 4,222 less than that of the year 1890-91. The details are given below :—

Particulars.	1890-91.	1891-92 (whole year).
House tax	1,39,606	1,34,181
Shop ,, ...	80,700	81,014
Loom ,, ...	51,547	51,677
Oil-Mill ,, ...	10,993	11,020
Cart ,, ...	47,607	48,435
Miscellaneous	447	331
Total.....	3,30,900	3,26,658
Arrears at the beginning of the year	77,403	58,892
Total.....	4,08,303	3,85,550
Collection	3,41,057	3,13,646
Remission	8,334	3,943
Balance.....	58,912	67,961

The falling off under the head "House tax," *viz.* Rs. 5,400, is general in all Districts, varying from Rs. 57 in the Kadur District to Rs. 1,970 in the Tumkur District. The decrease is presumably due to the effect given to Government Order No. 9591-8—Cir. 210, dated 8th March 1890, exempting from the tax agriculturists residing within 5 miles from their lands. The small differences under other heads call for no remark.

36. The houses and buildings exempted from taxation were 773,128 in the whole Province belonging to the following classes :—

Classes.	Number of houses.	Percentage to the total number exempted.
Agriculturists	594,898	76·94
Brahmins, &c., and Government and charitable institutions ...	114,649	14·82
Village Headmen, Chettis, &c.	15,863	2·05
Houses on which shop tax is levied	23,150	2·99
Do Loom tax do	22,021	2·84
Do Oil-mill tax do	2,547	·36
Total... ..	773,128	...

Houses that pay the tax are 212,617, being 27·50 per cent of the number exempted from tax.

37. The Mohatarfa revenue credited to the several Municipalities in the Province and not included in the figures shown in the statement appended to para 35 above, amounts to Rs. 1,66,700 as against Rs. 1,57,500 of the previous year.

38. The percentage of balance under Mohatarfa to the demand including arrears is shown below :—

Districts.	1890-91.	1891-92.
Bangalore	8·02	11·09
Kolar	36·44	43·10
Tumkur	8·06	13·66
Mysore	15·87	20·74

Shimoga	5·39	6·97
Kadur	5·48	5·15
Chitaldroog	...	·47
Total.....	14·42	17·62

The above figures show that the percentage of balance has slightly increased in all Districts except Hassan and Kadur. The attention of Deputy Commissioners is again drawn to the remarks made in the Review of the Administration Reports or 1888-89 which run thus :—

> "In an item like "Mohatarfa" there is apparently no sufficient reason why such large balances should be allowed to accumulate. The arrears should therefore be collected as soon as possible."

39. *Sayer and Octroi.*—The revenue from Sayer and Octroi amounted to Rs. 5,16,981, exhibiting an increase of Rs. 1,28,367 over the figure for 1890-91 as will be seen from the following abstract:—

Particulars.	1890-91, for 12 months.	1891-92.		
		For the first 12 months.	For the last 3 months.	Total.
Duty on Supari	3,75,759	3,92,923	1,08,390	5,01,313

Remission	.	...	...	...
Balance.....	367	...	...	854

The increase of Rs. 1,25,000 under duty on "Supari" was chiefly in the Shimoga District, being the additional duty derived during the last 3 months of the official year 1891-92. The subjoined statement shows the area of supari gardens and the duty collected thereon:—

District	Area.	Duty.	Rate per Acre.		
			Rs.	A.	P.
Bangalore	308	217	0	11	3
Kolar	83	698	8	6	7
Tumkur	401	51,186	127	10	4
Mysore	15	2,211	147	6	5
Hassan	261	3,346	12	13	1
Shimoga	14,153	3,25,763	23	0	3
Kadur	7,494	1,11,593	14	14	3
Chitaldroog	23	6,299	273	13	11
Total.....	22,738	5,01,313	22	0	9

The variations are partly due to the existence of mixed gardens with supari trees, the area of which cannot be ascertained and is not therefore included in the above statement. But it is a known fact that very little duty is collected on the produce of mixed gardens, and the variations are too large to be explained by the difference in the productive powers of the gardens in the several Districts. The Deputy Commissioners are requested to pay special attention to the collection of duty which is apparently evaded to a considerable extent in all Districts except Shimoga.

40. *Salt.*—The salt revenue shows a decrease of Rs. 8,000 during the year specially in the Kolar and Tumkur Districts. The particulars of demand, collection and balance are—

	1890-91.	1891-92 (whole year).
Arrears	1,271	2,770
Demand	24,000	16,003
Total.....	25,271	18,773
Collections	22,461	17,242
Remissions	40	...
Balance.....	2,770	1,531

41. *Stamps.*—The receipts from "Stamps" were as particularized below:—

	1890-91 for 12 months.	1891-92		
		For the first 12 months.	For the last 3 months.	Total.
General stamp papers	2,07,710	2,37,303	72,679	3,09,982
Court fees labels	3,39,220	3,46,936	1,04,868	4,51,804
Receipt stamps	11,942	11,813	3,468	15,281

Total.....	5,79,857	6,08,974	1,84,820	7,93,794

The increase was due to the fact that realizations during the months of April, May and June 1892 have been included in these figures. The particulars under the heads "Judicial" and "Non-Judicial" are not forthcoming in the returns received from most of the Districts. The classification of Court fees labels as "Judicial" and stamp papers as "Non-Judicial" as has been done in the returns of the Shimoga and Kadur Districts is erroneous. The Districtwar details of receipts under the head "Receipt stamps" are given below:—

43. The following statement exhibits the collections of Revenue under the heads referred to in the preceding paras as compared with those shown in the Comptroller's accounts :—

The large difference of Rs. 88,700 between the figures shown in the Revenue returns and those included in the Comptroller's account against the head "Land Revenue" is probably due to the inclusion in the latter account of the irrigation cess merged in land assessment in certain Districts. The receipts from "Mining leases" as shown in the statement submitted by the Comptroller to the Dewan's Office differ much from those entered in his annual Financial statement. The Comptroller is requested to exclude hereafter the Irrigation cess merged in land assessment from land revenue collections and to report to Government the final correct figures included in his Financial Report. The differences under the above heads should also be adjusted or explained by the Comptroller as soon as possible.

PART I

LOCAL BOARDS BRANCH—MUNICIPAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Municipal),—dated 1st February 1894.

READ :—

Letter, dated 19th January 1894, No. 151, from the Deputy Commissioner of the Kadur District, submitting precis of records and his notes thereon regarding a suit filed in O. S. No. 60 of 1892 on the file of the Court of the District Judge of Nagar by Marvadis Ummad Malvi and Burr Mallaji of Tarikere against one contractor Masilamani Pille of Tarikere and the Municipal Vice-President of Tarikere in the matter of compensation paid by the Municipality to Masilamani Pille in prejudice to the claims of Plaintiffs and requesting sanction of Government to defend the suit on behalf and at the cost of the Municipality through the Public Prosecutor.

No. 12549—L. F. 248-92, DATED, BANGALORE, 1ST FEBRUARY 1894.

ORDER THEREON.—Government are of opinion that the grounds of defence proposed by the Deputy Commissioner are untenable. He need not engage the services of the Public Prosecutor, but is requested to settle the case amicably in the manner agreed to by 1st Defendant Masilamani Pille in his statements dated 19th June and 28th July 1893.

In future no land for Municipal purposes should be acquired except under the Land Acquisition Act.

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioner, Kadur District.
Memo No. 12550-8—L F. 248-92, dated 1st February 1894.
Copies to the other Presidents of the Municipalities in the other Districts.

Letter from the Deputy Commissioner, Kolar District, dated 18th November 1893, No. 1736—445, soliciting instructions as to whether the orders contained in Government Proceedings No. 4629—40, dated 7th September 1893, are applicable to Municipal midwives and stating the necessity as to the extra fee of 8 annas payable to the midwife for every case attended by her over the minimum prescribed, should be subject to a maximum limit of Rs. 8 per mensem.

No. 13982-90—L. F. 337-92, DATED, BANGALORE, 20TH FEBRUARY 1894.

ORDER THEREON.—It is observed that the orders contained in the Proceedings of Government, dated 7th September 1893, No. 4532-10—L. F. 16-92, apply to midwives employed for Taluks, and not to midwives employed by Municipalities and paid by them entirely from their Funds. The Municipal Boards concerned are competent to frame such rules as they think proper in regard to the fees chargeable for attendance on private individuals. The Municipalities however are expected to be guided by the advice of the Senior Surgeon in all important professional matters.

X. *Education.*—In regard to the transfers of the provision of Rs. 120 made for the rent of a portion of the Kannada boys' School building, the President was requested to submit the resolution of the School Committee appointed for the English School in regard to the transfer of a portion of its premises to the Kannada boys' School and to state when and under what authority the provision was first made. The President explains that when sufficient accommodation became available for the whole of the English School in the Municipal building, the room in the Kannada boys' School building hitherto occupied by a class of the English School was taken up for the Kannada School, which has grown in numerical strength. Neither the proceedings of the School Committee nor of the Municipal Board has been submitted. As the mistake, however, has been committed, Government sanction the amount, but the place should be given up on receipt of this order and the President should see that the pupils are accommodated in the Municipal School building itself. Of the portion of the building rented at Rs. 20, the President should instruct the Committee to retain only such rooms as are absolutely necessary for the Kannada boys, as many classes as possible being accommodated in the Municipal School building and report the action of the Committee within two months of the receipt of this order. The other paras call for no remarks.

Letter dated 18th December 1893, No. 749, from the Deputy Commissioner of the Bangalore District, submitting Supplemental Budget Estimates under District Funds of the Bangalore Circle for 1893-94.

READ AGAIN :—

Government Proceedings dated 22nd April and 8th December 1893, Nos. 17361-5—L F. 152-92 and 8947-9—L. F. 152-92, respectively, sanctioning District Fund Budget Estimates for 1893-94.

READ :—

Letter dated 23rd December 1893, No. 5711, from the Chief Engineer.

No. 1343S-41—L. F. 152-92, DATED, BANGALORE, 13TH FEBRUARY 1894.

ORDER THEREON.—Government observe that the Supplemental Budget now submitted has not been prepared carefully. The modifications in the original estimates sanctioned in Proceedings dated 8th December 1893, No. 8947-9—L. F. 152-92, have not been taken into account in the Supplemental Budget. Moreover the proposed provision of Rs. 11,530 entered under "VI Conservancy and Sanitary charges" includes also sums required to be spent on "Works, original and repairs" to be executed by the Revenue Department, which ought to have been shown under the special head "III B. Public Works to be executed by Revenue Department." The Deputy Commissioner is therefore requested to see that the statements submitted to this Office are correctly prepared in the future.

Excluding the items sanctioned in Proceedings dated 8th December 1893, No. 8947-9—L. F. 152-92, the modifications proposed in the sanctioned allotments under expenditure are as noted hereunder :—

Decrease.

		Rs.
I.	Maintenance allowance of Kankanhalli-Kodihalli road to be reduced from Rs. 100 per mile to Rs. 40 per mile for 9 miles ...	540

Increases.

I.	Civil Charges—		
	(2) VI. Conservancy and Sanitary charges		11,530
	(3) X. Miscellaneous.—Travelling Allowance to non-official Members of District Fund Board		400
II.	A. Public Works to be executed by Public Works Department—		
	(4) I. Original works		10,390
	(5) II. Repairs		4,760
	Total Increase.....		27,080

Item 2 is sanctioned, but the several works included in the detailed statement should hereafter be shown under their appropriate heads as noted against each in the detailed statement.

Item 3, which is in accordance with Government Proceedings dated 3rd August 1993, No. 2003-13—L. F. 346-92, is passed.

Item 4.—The detailed statement submitted for original works includes provision for the following roads in addition to maintenance allowance already sanctioned for each of them under "Repairs." The Deputy Commissioner is requested to state whether the amount already sanctioned has been duly taken into account in the present estimates. If not, the provision should be reduced.

		Present Estimate.		Estimate already sanctioned.	
	Original.				
1.	Metalling Closepet-Magadi road ...	1,000	...	1,200	at 60
2.	Improving Dobbspet-Koratagere road ...	750	...	360	at 60
3.	Metalling Bangalore-Dommasandra road	3,000	...	600	at 60
4.	Do Channapatna-Satnur road	2,000	..	1,000	at 50

Pending the information called for, the proposed estimate will be allowed to stand.

Item 5.—The sum of Rs. 4,760 proposed under this head includes provision for special repairs of the following roads in addition to the usual annual maintenance allowance already sanctioned for their total lengths as shown against each and the contribution of Rs. 1,000 payable to the Bangalore City Municipality :—

	Special repairs.	Maintenance Allowance provided.		
		Length.	Rate.	Provision.
1. Dobbspet-Sivaganga road	650	4	50	200
2. Bangalore-Anekal road	1,500	27	75	2,025
3. Subarban roads	1,000	7	60	420

The Deputy Commissioner is requested to state whether, in estimating for special repairs, the maintenance allowance already sanctioned has been taken into account. As regards the provision of Rs. 1,000 made for contribution payable to the Bangalore City Municipality, Government observe that the Executive Engineer states that the maintenance grant on account of District Fund roads within the Bangalore Municipal limits amounts only to Rs. 502. The Deputy Commissioner is requested to state why the provision of Rs. 1,000 should not be reduced to Rs. 502. He will also be so good as to explain which the Subarban roads are, for which a provision of Rs. 1,420 is made in the District Fund Budget for 1893-94 under Repairs.

1. Bangalore, Mysore road, 2 miles 7 furlongs, at Rs. 90 per mile ...	258—12—0
2. Bangalore-Magadi-Huliyurdurga road, 2 miles 3¼ furlongs, at Rs. 100.	242—14—0
Total.....	501—10—0

Subject to the above remarks and explanations called for, the Budget Estimates of District Fund of the Bangalore Circle for 1893-94 will stand as shown in the accompanying appendices, of which the following is an abstract:—

Letter No. 700, dated 31st August 1893, from the Senior Surgeon to the Government of Mysore

I have the honor to forward for orders of Government the marginally noted correspondence and plans regarding the provision of accommodation for in-patients in connection with Local Fund Dispensaries with a request that early orders may be issued on the subject.

1 Letter No. 3690 of 18th August 1893, from the Assistant Chief Engineer to the Senior Surgeon, Mysore Government.

1 Plan of Tiptur dispensary.
1 Estimate for Rs 2,045.
1 Plan of Gubbi dispensary.
1 Estimate for Rs. 1,809.
1 Original plan for in-patients.
1 Modified plan for in-patients.
1 Memo
1 D O. from Dr McGann to Mr. McHutchin of 4th August 1893
1 Do from Mr. McHutchin to Dr. McGann, dated 21st August 1893
1 Copy of this office letter No 112, dated 8th July 1893

Enclosures 11.

2. In Government Proceedings No. 7683-93—Cir. 159, dated 21th September 1890, two rooms 10' × 10' were sanctioned. I have seen two such rooms at the Gold Fields dispensary and am of opinion that I made a mistake in not recommending larger rooms and in omitting latrines for the reasons given in my letter No. 112 of 8th July 1893, to the Chief Engineer herewith enclosed.

3. I think, for the sake of privacy and for other reasons, that it would be better to have the in-patients' accommodation in a building separate from the dispensary.

4. Enclosed Memo received from the Chief Engineer shows the cost of providing two rooms for in-patients in connection with each of fifty dispensaries.

5. I am of opinion that proposal III in the Memo to provide two rooms 12' × 10' each with a front Verandah and latrines in rear Verandah is the best, and I request that Government will be pleased to sanction this and allot the necessary funds for the purpose.

GENERAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 6th February 1894.

No. 12997-3004—G. 2825, DATED, BANGALORE, 6TH FEBRUARY 1894.

ORDER.—The Government have learned with very great surprise that a European Coffee Planter in the—District expects the Amildar to supply him with baskets on payment of price, and that when the Amildar denied that it was a part of his duty to supply such articles or to receive and disburse sums of money received on account of them, he was found fault with by the Deputy Commissioner. The Government hope that this instance has only to be thus mentioned, in order to ensure every Deputy Commissioner taking proper steps to prevent its occurrence in his District or its recurrence in the———District.

READ:—

The following letter, dated the 2nd October 1893, from the Revd. A. M. Tabard, Chaplain, Secretary, R. C. Mission in Mysore, to the Dewan of Mysore.

I am directed by His Lordship the Bishop of Mysore, to send you a protest against some statements which have found their way into the lately published Census of Mysore and are introduced there to explain the comparative failure of the Protestant Missions as contrasted with the Catholic.

The passage to which we feel bound in duty to take objection occurs at page 63, and reads as follows:—

"The Roman Catholics form the bulk of the Christians, which fact is in a measure ascribed to the proselytizing influences directed by Rome having been at work longer in India than among the Protestants. It has also been mentioned that Roman Catholicism is able to prevail among the Hindus more rapidly and easily, by reason of its policy of tolerating among its converts the customs of caste and social *observances*, which constitute so material a part of the Indian social fabric. In the course of the investigations engendered by the Census, several Roman Christian communities have been met with, which continue undisturbed in the rites and usages which had guided them in their pre-conversion existence. They still pay worship to the *Kalasam* at marriages and festivals, call in the Brahman astrologer and *purohit*, use the Hindu religious marks, and conform to various other amenities, which have the advantage of minimizing friction in their daily intercourse with their Hindu fellow-caste brethern." This passage is calculated to convey to impartial Christian readers the impression that the Christianity professed by the Native Catholics of this Province is little more than nominal, the more so as it is found in an official document supposed to be drafted by Government Officials who do not allow themselves to be influenced by any bias or prejudice.

We tolerate caste, it is true, but here we draw a well-defined and a rigidly enforced line which makes an essential difference and is well understood by all. So far as those caste usages are of a social nature and all idea of Hindu worship is foreign to them, we do not see what right we can possess of interfering with them. We preach to the Natives the truths of the Gospel: we do not try to reform their manners, (if not sinful) or their dress (if not indecent) or their marriage customs (if not superstitious) or their language, or their diet, or their social organization. In many of those points, the Natives of India are and feel themselves better provided for, by their ancestral traditions, than by an apish imitation of English life and manners, which only swells the cost of their living, without making them more sincerely religious or more honest.

We consider the caste as a social unit, as a standard of respectability, a code of good behaviour and mutual moral supervision, as well as of mutual assistance. It answers the wants of the people, it is the time-honored mould into which their ideas are cast: it is therefore the height of unwisdom to shake down the foundations of such a stupendous edifice, before one is in a position to substitute something better in its stead.

It is said that some Roman Christian Communities have been found continuing to practise the rites and usages of their former faith. To this I oppose the strongest denial. By this very fact, those communities would have separated themselves from the Catholic Unity and relapsed into Hinduism or would have been cut off from the Catholic Church by the proper authorities as it has been the case with a community of Vannars at Sira for the last 30 years. To such the name of Catholic does no longer belong and it would be unfair to make the Catholic Missionaries responsible for or to accuse them to connive at a practice which they do not hesitate to put down even by excommunication. (*Vide* the Bull of Pope Benedict XIV, dated 12th September 1744).

Not only do we not consider as Catholics those who continue to practise the usages of their former faith but we treat in the same way those who assist publicly at any Hindu ceremony. This is the reason why the bandsmen of Mysore have been so long excommunicated not because they practised any form of Hindu worship but only because they played during pagon ceremonies. This excommunication was removed and they were re-admitted into the Catholic Church on the promise that in future they would never be obliged to attend such ceremonies.

We would not be surprised if some individuals were induced by Brahmin astrologers and *purohits* to make a vow to some Hindu deity, or even using some Hindu religious marks, but it would be in direct opposition to their faith and unknown to Missionaries. It is then quite a different thing from the *policy of tolerating in order to minimize friction with an Hindu fellowman.* This is not and cannot be the policy of the Catholic religion.

No doubt the Census Superintendent has not seen the importance of the foregoing statement, which he has introduced in the Census Report, and we have no doubt he will be the first to regret that such an error should have found its way in a work otherwise remarkable for its accuracy in all other respects.

Trusting that the Mysore Government following the spirit of fairness to all which is a characteristic of their administration, we humbly beg that, this our categorical denial of the charge brought against us should be placed on record.

No. 13981-81½—G. 3029, DATED, BANGALORE, 17TH FEBRUARY 1894.

ORDER THEREON.—Upon the receipt of the letter above read, the Government called upon the Census Superintendent to report the specific facts upon which were based the observations in the Census Report to which objection had been taken by the Roman Catholic Bishop of Mysore. The Census Superintendent's report has been received and duly considered. The Government have also obtained other information on the subject and are now enabled to place on record the following remarks.

2. In the passage in the Census Report " Pay worship to *Kalasams* at marriages and festivals" the word " worship" cannot be regarded as implying " adoration or acts of reverence paid to God or a being regarded as God ;" for it appears that *Kalasams*, where used by Roman Catholic Christians, are apparently regarded by them only in the light of the customary paraphernalia of friendly gatherings and other rejoicings which follow marriages and other auspicious events, the *Kalasams* themselves being decorated and honored according to the national custom.

3. As regards " Hindu religious marks," it is ascertained that where marks on the forehead are used by Roman Catholic Christians, they have no religious significance and are regarded as a mere decoration indicating nationality and caste status and, in the case of women, their civil condition.

DECISIONS OF GOVERNMENT IN REVENUE CASES.

FEBRUARY 1894.

READ:—

Petition Registered No. 1651, dated 18th December 1893, from Chaudappa of Pattanayakanahalli, Sira Taluk, appealing against the order of the District Jamabandy Officer (Deputy Commissioner, Tumkur) levying tax on an oil-mill worked for extracting oil used exclusively in the temples built by his brother Somè Linganna in the same village, and praying that a general order may be issued exempting from payment of any tax all buildings, &c., the income of which is, or may in future be, set apart for the maintenance of the religious and charitable institutions established by him.

No. 13192-3—PET. 1272, DATED, BANGALORE, 3RD FEBRUARY 1894.

ORDER THEREON.—The oil-mill being dedicated to the public charitable purpose mentioned in the petition read above, Government are pleased to exempt from Mohatarfa the oil-mill in question and similar mills which may be similarly dedicated to the said Institution.

2. The tax complained of, if collected, will be refunded by the Deputy Commissioner.

To—The Deputy Commissioner, Tumkur District
The Comptroller, Mysore Government.

Appeal No. 146 of 1892-93.

Appellant.	*Vs.*	*Respondent.*
Srinivasa Rao of Gargeswari, Tirumakudlu Narsipur Taluk, represented by Mr. S. Narain Rao, Advocate.		Dasegauda.

Decision.—In 1886, one Husen Saib purchased certain Kandayam lands in a revenue sale for arrears of revenue. The boundaries of the land are given in the sale certificate, and the area of the land is stated therein as—

		K.	K.	P.	
Wet	.. ..	12	2	8	} or 45 acres.
Dry	.. ..	1	9	3¾	

Husen Saib sold the land to Petitioner Srinivasa Rao.

2. Survey No. 5 consisting of 5 kolagas of dry which is within the boundaries given in the above sale certificate was demarcated as Sirkar number during the Survey in 1890, and Respondent applied for it for cultivation in June 1891. The Shekdar having reported that the land was waste without any trees thereon, the Amildar granted the Darkhast in July 1891. Appellant objected to the grant in October 1891 on the ground that it formed part of his holding. In March 1892, the Jamabandy Officer directed Appellant's land to be measured and to grant the excess, if any, to the Respondent. When Appellant's land was measured, it was found to be 49 acres exclusive of 5 and odd acres of No. 5 applied for by the

Respondent. This was ordered to be sold by public auction. It was sold accordingly and Appellant purchased it, but the sale was subsequently cancelled and the land was made over to Respondent in December 1892. The appeal is against this last order.

3. The grounds on which Appellant's objection was over-ruled are :—

1st. The land applied for was entered in the A list and so the 1st Darkhastdar is entitled to have it.

2ndly, that the area actually enjoyed by Appellant was, irrespective of the number under dispute, in excess of the extent entered in his patta.

3rdly, that the Appellant in the enquiry before the Jamabandy Officer agreed that the excess over his holding might be made over to the Respondent, Dasegauda.

4. Government consider that the grounds on which the Appellant's objection was over-ruled are not satisfactory. It may be that No. 5 is entered in the A list, but the dispute is that its insertion in that list was an error, and the fact that the area actually enjoyed by Appellant is in excess of the extent given in his Patta is no conclusive proof that the number under dispute did not form a part of his holding since excesses in patta lands are of usual occurrence. As regards the remark that Appellant himself agreed that the excess might be given over to the Respondent, the Government note that, though the Amildar made a remark to that effect in the Takrar patti, still in a petition presented by Appellant shortly afterwards, he stated that excesses in patta lands are of usual occurrence, and that he was himself ready to pay the assessment thereon. *Prima facie,* the land under dispute belongs to Appellant since it is stated to be within the boundaries mentioned in the sale certificate granted to the Khatedar from whom Appellant purchased the land, and unless there is conclusive evidence that No. 5 was separate and never formed part of Appellant's Khata, it ought to go to Appellant on full assessment. The Deputy Commissioner is therefore requested to examine the parties concerned on this point and the old accounts and find out what number the land under dispute bore before the Survey, and if there is no satisfactory evidence that it was a distinct number and that the boundaries given in the sale certificate of 1886 were wrong, to cancel the order already issued and grant the land to Appellant on full assessment.

2. Proceedings and reports received from the Deputy Commissioner, Bangalore District, Superintendent, Inam Settlements, and Superintendent, Mysore Revenue Survey.

No. 14223-5—Pet. F. 100-93, dated, Bangalore, 17th February 1894.

Order thereon.—There have been several complaints from Inamdars of excessive valuation of their villages for purposes of Quit-rent and cesses under the instructions conveyed in para 4 of the Proceedings of Government, No. 4701 -9—133, dated 2nd September 1881. Three of the complaints, *viz.*, those relating to Jodi Sannappanhalli, Navaratna Agrahar and Aivarkhandapur have been investigated and the cultivation areas ascertained by a re-survey compare as follows with those adopted by the Survey Department for purposes of valuation :—

		I Sannappanhalli.		II Navaratna Agrahar.		III Aivarkhandapur.	
		Area as now surveyed.	Area adopted by the Survey Department in 1883.	Area as now surveyed.	Area adopted by the Survey Department in 1883.	Area as now surveyed.	Area adopted by the Survey Department in 1883.

2. It is reported that the figures adopted by the Survey Department in 1883 do not represent the area that was actually under cultivation in that year, owing to the Departmental rule under which, when the cultivated area exceeded half the extent of a field, the whole field was taken as under cultivation, and when the cultivated area was less than half the extent of a field, the actual cultivated area alone was taken into account. In addition to the operations of this Departmental rule, certain clerical errors are shown to have been made in tabulating the figures given by the classers, in regard to the first and second villages above named, *e. g.*, in the former village, an extent of 25 acres 18 guntas, which was really waste, was erroneously included in the extent under cultivation and in the latter, 55 acres, which under the rule referred to should have been classed as arable waste, was entered as cultivated.

3. Although for purposes of valuation the extent of cultivated land was calculated by regarding fields cultivated more than half as entirely cultivated, yet there is a record in the classers' books of the extent of each field under actual cultivation in 1883. We are thus enabled to compare as follows the

actual correct extent of cultivation in 1883, with that ascertained by the recent re-survey :—

		I Sannappanhalli.		II Navaratna Agrahar.		III Aivarkhandapur.	
		Area as now surveyed.	Actual Extent in 1883.	Area as now surveyed.	Actual Extent in 1883.	Area as now surveyed.	Actual Extent in 1883.
Cultivated ...	Dry ...	36— 6	68—36	183—36	189—37	519—28	575—11
	Wet ...	0—39	4— 5	8— 0	12—36	149— 8	177—31
	Garden ...	3— 1	2— 7	8— 4	12—23	21—36	22—13
Total Extent Cultivated.....		40— 6	75— 8	200— 0	215—16	690—32	775—15

The discrepancy in the first case is large. As regards the third case, it is stated that, out of the extent now lying waste, 40 acres, 39 guntas were under cultivation about 10 years ago. This added to the 690 acres, 32 guntas now under cultivation makes a total of 731—31 as against 775—15, the extent under actual cultivation in 1883.

4. The Superintendent, Revenue Survey, states that the cultivated and waste area in each Survey number was *measured* at time of measurement, that if at the time of classification, the classer had any doubts about the accuracy of division into cultivated and waste, he made a re-measurement, that the duty of working out the "more than half cultivated" rule, rested with the classers and not the measurers, that the classification was tested by Colonel Mackenzie, that though it is not known whether he actually re-measured the cultivated area, yet his test entailed his visiting every portion of the number tested and that there is therefore no reason to doubt the accuracy of the classers' returns. He further states in his letter No. 818, dated 11th March 1881, that the treatment of the whole number as cultivated when more than half was under the plough, is not so illiberal as might at first sight be supposed, and that the so-called waste land thereby included does not represent ordinary "Anádi Banjar", but is more or less mixed up with the cultivation and probably was actually cultivated in some years. He, however, suggests in para 3 of his letter No. 76, dated 1st May 1891, that the areas actually under cultivation and waste respectively *at time of classification* be taken as the basis of valuation, and adds that the revision of settlement on the actual area cultivated, at the time of classification, will entail no labor in the field on the part of the Survey Department, and that if Inamdars are to be allowed the benefit of such particular year as they choose, there will be endless petitions.

5. The Government have given their best consideration to the subject and are of opinion that the treatment of fields cultivated more than half as wholly under cultivation for purposes of valuation was not fair to individual Inamdars and it was not calculated to give satisfactory average results, unless at the same time, account was omitted to be taken of any portion of the area of fields cultivated less than half. The Superintendent of Revenue Survey will accordingly be requested to revise the valuation of these and other villages with reference to the extent of land actually under cultivation, at the time of classification, without any distinction as to whether a field was cultivated more or less than half. The revision, it is noted, can be effected on the survey records without any additional labor in the field and opportunity should be taken of the revision to correct also any clerical errors such as those noticed above which may have crept into the original valuation.

6. The Government are unwilling to permit any Inamdar to ask that the aluation of his village may be fixed with reference to the extent under cultiation, in any year named or chosen by him. The extent of actual cultivation n the year of classification must be the basis of valuation in all cases.

7. In the case of Navaratna Agrahar, it is reported that the lands lassed as garden are cultivated with dry crops owing to the insufficiency of he water-supply in the wells. They appear to have been classed and assessed s garden, simply because there were wells in them which seem to have been xcavated by the Inamdars for temporary use during the famine. Under the ircumstances, the Government consider that the so-called garden lands should e assessed at dry rates. It is further reported that the village tank is out of epair, that the lands under it are now cultivated with dry crops and *punji* ice and that there is no likelihood of the tank being repaired and the lands nder it being brought under wet cultivation. If the Inamdars have allowed heir tank to fall out of repair since 1883 and are therefore unable to raise full vet crops, it is their fault, and no reduction of quit-rent is called for on hat account.

8. The valuation of Mallenhalli, Devanhalli Taluk and Wuddenhalli village, Dodballapur Taluk, should be revised in accordance with the instructions ontained in the concluding part of para 5 above.

Petition No. 724 of 1893.

Appellant .. Marigauda of Hosur, Sira Taluk, Tumkur District.

Decision.—Unoccupied garden land No. 157 assessed at Rs. 41 was sold by Government with a well and a few trees thereon of the estimated value of Rs. 39—13—0* and it was purchased by Petitioner for Rs. 150. The sale was duly confirmed in January 1891.

		Rs.	A.	P.
* Well	...	15	0	0
Trees	...	24	13	0
		39	13	0

2. Subsequent to the sale, Petitioner removed some of the stones of the well and used hem for the construction of his house. This having been brought to the notice of he Deputy Commissioner, he ordered the petitioner to restore the well which was he primary source of irrigation for the land. He having failed to do so, the Deputy Commissioner called upon him under Section 63 of the Land Revenue Code to pay Rs. 150 which is the estimated cost of the repairs required to bring he well to its former condition. Petitioner appeals against this order.

3. All wells in lands assessed at garden rates in consideration of the existence of the wells, must be regarded as Government wells and the owners of the lands have certainly no right to damage them, or to fill them, or otherwise destroy them unless such acts are necessary for improving the land or providing better wells in more eligible situations. To remove the existing well and not to make another equally good is to make the land unfit for garden cultivation, and to make it impossible for the future occupant to pay the garden assessment thereon. Though it may be doubtful whether the Petitioner's case falls under Section 63 of the Land Revenue Code which deals with the use of lands for purposes unconnected with agriculture, the action of the Petitioner is contrary to para 3 of Rule XXIII of the Revenue Rules which have the force of law. Under these circumstances, the action of the Deputy Commissioner is hereby confirmed.

4. However, as petitioner has paid a heavy sum for the purchase of the land, evidently under the impression that he acquired a full right to dispose of the well

as he pleased, the Government are pleased as a matter of grace to order a refund of Rs. 100 to the Petitioner, and it is hoped that this will enable Petitioner to restore the well. Care should be taken that the amount refunded is spent on the restoration of the well.

Docket from the Deputy Commissioner of Bangalore, dated 21st September 1892, No. 397, submitting the papers relating to the appeal of Muhammad Husen Sab of Anekal, against the order of the Deputy Commissioner, refusing to grant him 134 acres of pasture land in Kalnayakanhalli for cultivation.

No. 14665-72—PET. 1474, DATED, BANGALORE, 27TH FEBRUARY 1894.

ORDER THEREON.—In the absence of the statement showing the occupied area of the village of Kalnayakanhalli, the Government are unable to say how much of the Gomal land may be granted to the Applicants. The Deputy Commissioner is requested to submit the statement prescribed in Government Proceedings No. 10702-9—1138, dated 28th December 1893.

2. From the concluding sentence in the docket read above, the Deputy Commissioner does not appear to have yet passed his final orders in regard to the relative claims of the several Applicants. When he settles the matter and gives his final endorsement to the Petitioner and other claimants, any appeal preferred will be considered and disposed of. Meanwhile the attention of the Deputy Commissioner will be drawn to para 14 of Rule XX of the Land Revenue Rules which lays down that Darkhasts for the whole Survey fields should have preference over Darkhasts for portions only. On this principle, the Applicant for the larger area of Gomal land has a better right than one who applies for a smaller area, unless there are special reasons for deviating from the rule.

Petition No. 2071 of 1891-92 from Madhvarayachar, Agent of the Majjigehalli Matt, Mulbagal Taluk, praying for restoration to the Matt, of the Jodi village of Kammadatti which is under Government management, and the Vernacular records and reports received with docket No. 1573—353, dated 17th November 1892, from the Deputy Commissioner of Kolar.

No. 13829—Pet. F. 137-92, DATED, BANGALORE, 15TH FEBRUARY 1894.

ORDER THEREON.—The village was taken under Government management in May 1884, as the Inamdar failed to pay the arrears of Jodi and the cost of repairs executed to the village tank, aggregating Rs. 1,827—12—8. The amount of arrears of Jodi due to Government inclusive of the cost of Survey and management, has since been recovered, but the cost of repairs executed to the tank, Rs. 1,000,

remains uncollected, and the orders of Government are solicited in regard to this item. The Jodidar through his agent, urges that the repair of the tank was undertaken by the Public Works Department without his consent, and he offers to give up the Kodagi lands held for the support of the tank, if Government forego their claim to Rs. 1,000 and undertake the future repair of the tank. The Deputy Commissioner recommends that the Kodagi Inam may be resumed in case the contribution is remitted.

2. The tank is in an Inam village and irrigates no Government lands. As it is in the Ramasamudram series of tanks, the Kodagidars were called upon to execute the necessary repairs to it, but they transferred the Kodagi lands to the Jodidar and the latter agreed to pay the estimated cost of repairs, Rs. 1,000, to Government in nine instalments, whereupon the repairs were executed by the Public Works Department in 1874. The plea of execution of the work without the consent of the Matt now put forward by the agent of the Matt, is thus without any foundation in fact. But the question of consent is not material, as every holder of an Inam village is bound, as a condition of his Inam tenure, to maintain his tank in due repair, and when he fails to fulfil his obligation in the matter, (as the Matt in this case has failed), the Government, under standing orders long in force, has a perfect right to carry out the necessary repairs and to recover the cost thereof from the defaulting Inamdar as a Revenue demand. It is not the intention of the Government to relieve the Inamdar in the present case from the obligation in question, as it is most undesirable to do anything which would have the effect of weakening the general rule relating to such obligations.

3. The rules for the enfranchisement of Kodagi Inams apply only to such Inams granted in respect of Government tanks, not to those granted for Inam tanks; the latter are continued to be held subject to the original conditions of maintenance and up-keep attached to the grant, and the holder of the Inam village has a right to proceed against his Kodagidar for any neglect of the Kodagi conditions. In the present case, however, the Matt has acquired the Kodagi lands and therefore the Kodagi obligation of maintenance and the correlative right to demand maintenance both vest in the Matt.

4. It is moreover admitted that the Matt has been in the enjoyment of the produce of the Kodagi lands from 1874, and as the value of the Kodagi Inam thus enjoyed by it is Rs. 55 per annum and amounts for the twenty years since 1874 to Rs. 1,100, the request for a remission of the cost of repairs is unreasonable. On the other hand, it appears that the income of the village has for several years been barely sufficient to meet the Jodi and other annual charges, and that the arrears of Jodi and the cost of Survey had been paid by the Matt in small instalments from sources other than the income of the village. Under these circumstances, Government are pleased to remit Rs. 500 as a matter of grace, and to direct the recovery of the balance of Rs. 500 from the Jodidar.

5. If this amount be paid before the end of May 1895, the Deputy Commissioner will proceed to effect a settlement of the accounts of receipts and expenditure of the village since it was taken over by Government and after recovering any further sum which may be found due to Government, restore the village to the Jodidar. If the settlement discloses a balance in favor of the Inamdar, the excess should be refunded to the Matt. On failure however of the Inamdar to pay the amount of Rs. 500 before the end of May 1895, the village must be resumed.

Appeal Petition No. 1558—128, dated 5th October 1891, from Seshachar, Archak of the Varadarajaswami temple at Hoskote.

Correspondence ending with docket No. 679, dated 16th December 1893, from the Deputy Commissioner, Bangalore District, forwarding the proceedings connected with the case.

Memorandum, from the Muzarayi Superintendent, dated 22nd January 1894.

No. 827-9—MUZ. F. 69-93, DATED, BANGALORE, 1ST FEBRUARY 1894.

ORDER THEREON.—The correspondence shows that in 1830-31 a certain individual named Channa Baira granted to the temple of Varadarajaswami, the Ippe trees in his tope,* in the village of Kalhalli, in the Taluk of Hoskote. The temple continues to enjoy the trees free of assessment. Besides the Ippe trees in the tope which are 29 in number, there are other trees, mango, &c., their number being about 200. What became of the owner of the tope and on what tenure he held it when he made the gift is not known; but the other trees are being leased out by Government. The lessee of the Ippe trees endeavoured to make out that the original grant was for the whole tope, and tampered with the grant but it has been satisfactorily established that the grant was for the Ippe tree alone, though it could not be made out who tampered with the grant.

* Survey No. 75.

2. Under the circumstances above stated the Pagoda has no right to claim exemption from assessment even on that portion of the tope which contains the Ippe trees since it had not 50 years' possession on the date on which the Inam Rules were passed; but considering the long enjoyment of the Pagoda, the Government are pleased to authorize the Superintendent of Inams to treat that portion of the tope which contains the Ippe trees as Inams subject to $\frac{1}{4}$th assessment.

3. From the sketch forwarded 15 out of the 29 trees to which the Pagoda has right appear to be situated in one block and that may be separately demarcated and treated as Inam. The other fourteen trees lay scattered and mixed up with the other trees to which the Pagoda has no claim, the Superintendent of Survey and Settlements will be requested to demarcate a plot containing an equal number of mango and other trees and treat it also as Inam. The rest should be demarcated as separate number or numbers and sold to the highest bidder subject to full assessment, unless the Deputy Commissioner proposes to retain it as Dharma tope for the benefit of the Village Community.

EDUCATION.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Education Department),—dated 2nd February 1894.

C. No. 295, DATED 2ND FEBRUARY 1894.

ORDER.—Government is pleased to award under the following conditions a scholarship of the value of £ 22 per quarter tenable in England for a period of two years and a half to Mr. K. Narayen Rao, B. SC., to enable him to study for the B. Sc. Degree Examination of the University of London :—

(1) He will be expected to take up in his course of studies the subjects of General Biology and Geology including Mineralogy and Paleontology, and to qualify himself for teaching these subjects for the B. A. Degree Examination of the Madras University. In addition to these subjects he may also study Chemistry (qualitative and quantitative).

(2) He will also be expected to study in the Royal School of Mines and obtain diplomas in Geology including Mineralogy, Metallurgy with Assaying and Mining. In order to enable him to study these extra subjects, the period for which the scholarship is tenable will, if necessary, be extended to three years on the whole and the State will pay the Lecture and Laboratory fees required for the study of thees special subjects.

(3) After completing the course of studies as prescribed above, he shall serve the Mysore State for a period of not less than three years, either as Professor in a College or Assistant in the Geological Survey or in any other suitable capacity in which the Government may wish to employ him.

(4) He shall submit during the tenure of the scholarship to the Education Secretary to the Government of Mysore once in six months a report with testimonials of satisfactory progress in his studies.

PUBLIC WORKS.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Public Works),—dated 28th February 1894.

CIRCULAR MEMORANDUM.

Some applications having been received by Government for furnishing buildings constructed as official residences for Officers, it is hereby notified for general information that when Government builds a house for an Officer, it cannot be expected to do anything in the way of furnishing it. No such furnishing is attempted when Government pays an Officer house rent, and free house must mean a house free from rent and not a *furnished* house. Government as land-lord will do all that any land-lord usually does, such as providing mats, blinds, employing a gardener, &c., but not furnishing, which the tenant must carry out at his own expense.
